

IMPORTANT INFORMATION FOR DELEGATES
AND EXHIBITORS AT ISRM'S 2009 CONFERENCE

WARNING!

Roadworks near Alton Towers

Due to temporary roadworks, the "normal" route into the Alton Towers Resort through Alton Village will not be available for the duration of ISRM's conference and exhibition. **Your satnav system will be of little or no help to you** and you should follow diversion signs.

M1 From the M1 (e.g. Derby) the diversion will route all traffic to the A52 via Ashbourne. Follow signs for Ashbourne and then follow the instructions to the Resort (via Cotton).

M6 From the M6 (e.g. Stoke), the diversion will route all traffic via the A52. Follow signs towards Ashbourne and then follow the instructions to the Resort, again via Cotton.

If anyone does miss the main diversion and gets to Alton Village, a smaller scale diversion will be in place but please note that this is a very narrow country lane and not suitable for larger vehicles.
